### Key features of this offer

- **Pay on Time Discount**
  - Pay your instalments and your bill on time (by the date specified on your bill) and get a Pay on Time Discount (PoTD) off your electricity consumption. The PoTD is calculated after the full amount of any applicable government concessions are deducted.

- **Automatic Payment Plan**
  - This offer is only available where an automatic payment plan is established. Payments are based on your consumption and automatically deducted on the date you set. Automatic Payments from Credit Card or Direct Debit only. Direct Debit payments incur a $1.00 ($1.10 GST inc) payment per transaction. Your first instalment is deducted before you transfer to Dodo Power & Gas. When your meter is read and your bill calculated, any balance owing is deducted along with your next scheduled instalment; Monthly payments will be regularly reviewed, using your actual electricity consumption.

- **Online Account Management**
  - Easy access to your billing information and to update your details using Dodo's online Account Management service.

- **Electronic Billing**
  - Convenient electronic bill delivery. You can choose to have your bill posted for $1.00 ($1.10 GST inc) per bill.

- **Promotional Offers**
  - From time to time, Dodo Power & Gas may provide promotional offers (including one-off payments and/or products) though promotional codes, which may be redeemed when signing up. These codes do not change the rates, fees or charges of this offer.

About this document

This price and product information statement is presented in accordance with the requirements of the Essential Services Commission (ESC) - the independent regulator of the retail energy industry in Victoria. For information about choosing an energy retailer, visit www.esc.vic.gov.au/yourchoice.

^Residential GD (or Single Rate meter) is the basic network tariff for general domestic usage such as lights and power outlets. Most domestic customers are supplied under this network tariff. This tariff has a fixed daily charge and an energy usage charge that applies 24 hours per day, 7 days per week. There is no Off Peak charge associated with this tariff.

^^Residential GD and Controlled Load (hot water and heating) is the basic network tariff for general domestic usage such as lights and power outlets, and electric hot water and/or storage space heaters (only on for a controlled period - generally between 11pm and 7am AEST ) using a time-switch. Only available to residential installations currently taking supply under these rates.

**Residential GH/GL Peak and Off Peak is the basic network tariff for general domestic usage where usage charges vary based on Peak and Off Peak times. Peak rates generally apply between 7am and 11pm Monday to Friday AEST, and Off Peak rates generally apply 11pm and 7am Monday to Friday AEST, and all weekend.

* Units – “C/kWh” = Cents per kWh which stands for kilowatt hour and is the unit of measurement for your electricity bill. “C/day”= Cents per Day

*Daily supply charge: a charge that applies for supplying electricity to your premises for each day of the billing period, regardless of how much electricity you use.

*Billing rate is displayed on your bill, and is the rate you are billed at before the Pay on Time Discount is calculated.

** Pay on time (POTD) rate is for comparison only, and is the kWh rate after the Pay on Time Discount is deducted from the billing rate. The Pay on Time Discount may be reduced if an installment is not paid by the agreed date; the POTD is void if the bill is not paid by the due date.

*Feed In Tariffs [PFIT, TFIT and FIT] are available to customers who have installed a Qualifying Solar Energy Generation Facility (QSEGF) at their Supply Address.

**Climate Saver is a meter configuration option available only in the Powercor distribution zone, where a dedicated meter is installed for reverse cycle air conditioning units. This meter configuration is approved by Powercor.

* Only available when bundled with Dodo Gas.
